

# YEAR 1 MULTI SKILLS

*Last week, two teams of Year 1 children went to Redborne to compete against 8 different teams from local schools.*

*The children took part in activities which tested different core movement skills such as agility, balance and speed. The teams supported each other and worked together to gain points.*

*The teams did so well and we love to celebrate success at The Firs,. The children were each awarded an engraved medal for representing the school in front of the whole school during assembly. Well done to everyone who took part*

# BISI BADMINTON

*Bisi Badminton is an initiative to encourage participation at a young age. It focuses on the basic skills which need developing: hand/eye coordination, agility, lunges & movement around the court.*

*Teams from Russell Lower, Roecroft and Sheppard joined our two teams of Year 4 players to compete in a range of activities organised by Redborne SSP and young sports leaders.*

*Our teams were very competitive and tried to gain maximum points at each of the games.*

*We are delighted to say that we came 1st and 3rd. The teams worked very hard to support each other and we were very proud of the way our teams represented the school. Well done to you all, you were great!*
