Dear Parents

### Parent Questionnaire

At The Firs we are continuously trying to improve the provision we make for children and as part of the process of self-evaluation, we would like to know how you see our school.

We have produced a questionnaire, which should only take a few minutes to complete.

Obviously the school aims to do its best, but there will always be areas for development. With this in mind, if you disagree with any of the statements it would be very helpful to us if you could add a brief comment as to why and what you personally would wish to see. However if you think we are doing a good job in a particular area we would also welcome a comment. I am sure you will appreciate that as we are all individuals, sometimes two people will view the same issue quite differently e.g. homework. However if a common pattern emerges, then we know this is an issue upon which we may need to focus.

You do not have to give your name, although you may do so if you wish. We would particularly ask that you include your child's year group (R,1,2,3 or 4) as that will help when we look at the responses.

Thank you very much for your co-operation in completing the questionnaire as we value your thoughts and opinions. These will form an important part of the school's ongoing self-evaluation.

We will of course keep you informed of the results when we have had time to analyse them.

Yours sincerely
