

The Parent Forum Said...

We did!

Too little notice of school events can make it hard to attend.

All dates on calendar and date sheet now **8** weeks in advance.

Can be hard to understand interim reports.

January reports to be reviewed, to give more guidance, with 'surgery' times afterwards, for parents to talk if needed.

PE seems to be cancelled too much in year.

As part of 'Healthy Bodies Healthy Minds' project PE prioritised in curriculum.

Can we have a way for all parents to be able to contribute to Parent Forum agenda?

Suggestion box in reception and website asks for emails to go to office.

Could there be opportunities for different age children to mix socially, seeing siblings etc.

School has introduced periodic 'Big Get Together' lunchtimes, with all children together on the field.

Too much congestion picking up from school.

A new 1 way system being planned.
