Update on Move to the New Saplings Building

Dear parents / carers,

As you are aware from what you have perhaps seen, the new Saplings building is well on its way and we are all very excited by the prospect of being able to move soon, into this lovely new, purpose built home for the Saplings..

There have been some technical difficulties along the way and although these have been overcome, they have created some delays and so we are expecting the building to be handed over to us at the beginning of next term.

We will need about 2 weeks to move into and prepare the new building for use by our Saplings children and so there will be a short period of time next term, when children will be in the existing building, before the exciting day comes, when they can move into their new home.

We are aware that there will be some new children joining us at the beginning of next term and we are already making plans to accommodate them in the short period before the new building is open.

I would like to take this opportunity to thank all staff in Saplings, who have done a wonderful job creating such a warm and caring environment in their temporary home here at The Firs. It has been a great team effort!

This has been a long term project and there have been difficulties along the way but with the end clearly now in sight, we are eagerly anticipating being able to set up Saplings, in what will be a fantastic new provision.

Thank you for your patience during the course of this project. We will keep you informed and nearer the time, we will confirm the opening date.

Yours sincerely,

Adam J G Campbell
Headteacher
